

# St. Charles Borromeo Catholic Parish

No. 10 of a Series on Our Parish's First 100 Years

1910 - 2010

St. Charles issued a report in April 1913 on the building of the church and school. The report showed receipts of nearly \$53,000 and expenditures of about \$67,350, leaving a debt at that time of about \$14,350. The report also showed the subscriptions of the members of both St. Mary's and St. Charles congregations; the amounts raised, contributed, or realized from various other sources; and items that were donated by various people, groups, or businesses. Separate accountings were shown for receipts and expenditures for the pipe organ; donations for the Christmas crib and for the Stations of the Cross; and various miscellaneous donations.

All in all, the report shows the complexity of the task that our founding members undertook when they decided to build and equip St. Charles church and school; and the outpouring of support that they both provided and received from others.

In this week's installment, the first four pages of the report are reproduced. Additional pages will be included in the next two installments.
